2. Reasons

As for the consolidated financial forecasts for FY2022, we assume that income will increase from the previous forecasts due to revision of the assumptions for crude oil price as shown below (Reference).

(Reference) Crude oil price and exchange rate

Assumptions for revised forecasts (for Q4 of FY 2022): crude oil price of 90 dollars/barrel, exchange rate of 135 yen/dollar

Assumptions for previous forecasts (for Q4 of FY 2022): crude oil price of 110 dollars/barrel, exchange rate of 135 yen/dollar

Note: The above forecasts are based on information available at the time of the release of this document.

Due to various factors, the actual results may vary from the forecast data.
