

Notice of Partial Corrections of Consolidated Financial Results and Annual Reports

After the announcement of its “FY2014 ended March 2015 Consolidated Results Bulletin,” the parts that should be corrected were found in breakdown of current assets.

These corrections have been made to Consolidated financial results and Annual Reports from FY2010 as follows.

The corrections have no effect on business performance.

<Contents of Correction>

“Lease receivables and investment assets” that was included in “Notes and accounts receivable-trade” and “Other” is set down separately under the account title of Current assets of Consolidated balance sheet. In quarterly financial statements, as the separate set down is unnecessary, “Lease receivables and investment assets” that was included in “Notes and accounts receivable-trade” is included in “Other.”

Due to this change, “Decrease (increase) in notes and accounts receivable-trade” and “Other” in “Net cash provided by (used in) operating activities” of Consolidated statement of cash flows are corrected.

In the Annual Reports, the relevant parts of “Notes to Consolidated Financial Statements” are corrected.

Please refer to the following link about details of the corrections:
