Pre-booking of Electricity Supply Contracts and Establishment of a Membership Website “Club TOHOGAS”

Toho Gas Co., Ltd. (Koichi Yasui, President), has determined low-voltage electricity rates, beforehand with the launch of electric power sales from April, 2016. We will start taking pre-booking on February 8, 2016. We will also establish a membership website “Club TOHOGAS” as a new service on March 28, 2016.

1. Pre-booking of Electricity Supply Contracts

We will provide 2 plans, “Family Plan” and “Business Plan,” for customers of Toho Gas Group and will set optional discounts for the customers who use “ENE FARM (fuel cell system for residential use)” or “Floor Heating” in both plans.

In the model case (50A, 400kWh/month) of “Family Plan,” it will be about 4,600 yen profitable per year (consumption tax included)*.

In addition, we will provide “Simple Plan I・II” for customers other than above.

*Compared to “Meter Rate Lighting B” of Chubu Electric Power Co., Inc., which excludes fuel cost adjustment charges and allotted charges for promoting renewable energy power generation.

2. Establishment of a Membership Website “Club TOHOGAS”

We will establish a membership website “Club TOHOGAS” mainly for residential customers on March 28, 2016.

In addition to gas and electricity consumption and bill, energy saving method and helpful information for daily life will be provided on “Club TOHOGAS.” We will continue to expand the service and contents in the future.

We will also start a loyalty program for the members of “Club TOHOGAS.” The members can get points by using the website and can exchange the points for convenient items etc.
