Toho Gas to Open Singapore Branch

Toho Gas Co., Ltd. (Yoshiro Tominari, President, "Toho Gas") announced of the opening of its Singapore Branch on December 1, 2017.

In June 2016, Toho Gas established Representative Office with definite term in Singapore in connection with Toho Gas's policies of the Medium-term Management Plan to "Provide a stable supply of energy at a competitive price" and to "Expand scope of business" since Singapore is located in the center of Southeast Asia where infrastructure demands are expanding and a large number of LNG related companies have their offices.

After establishment of the Representative Office, Toho Gas has been obtaining useful information related to LNG procurement and overseas energy business development through its Representative Office. In order to continue those activities in Singapore, Toho Gas decided to upgrade the Representative Office to the Branch with indefinite term.

Toho Gas will continue to meet customers' needs on the basis of the policies, to "Provide a stable supply of energy at a competitive price" and to "Expand scope of business."
