## Publication of Integrated Report 2018 - First Publication of Integrated Report for Toho Gas Group -

Toho Gas Co., Ltd. (Yoshiro Tominari, President, “Toho Gas”) today published “Integrated Report 2018” (both in Japanese and English) as our first integrate report.

This replaces our previous “Annual Report” which focuses on financial information (only in English) and “Environmental and Social Report” which focuses on information regarding environmental and social activities (only in Japanese). In order to enable all stakeholders to understand initiatives and concepts for sustainable growth of Toho Gas Group, we have summarized our overall corporate strategy under the title of Value Creation Process, wherein we introduce our business activities and initiatives for environment, social and governance (ESG) which correlate to the corporate strategy.

We will deepen communication with stakeholders through this report and will develop sustainably together with local communities by supporting customers' comfortable lives and manufacturing activities.
