Notice of the supply of carbon neutral city gas

Toho Gas Co., Ltd. (President: Nobuyuki Masuda) announces that the company has reached agreements concerning the supply of carbon neutral city gas with AEON MALL Co., Ltd., KIOXIA Holdings Corporation, Konan Chemical Manufacturing Co., Ltd., SANWAYUKA INDUSTRY CORPORATION, SUMITOMO RIKO COMPANY LIMITED., Tohokinzoku Co., Ltd., Toyota Technical Development Corporation, Toyotomi Kiko Co., Ltd., Nippon Molding Co., Ltd. and Noritake Coated Abrasive Co., Ltd..

Carbon neutral city gas utilizes carbon neutral LNG, in which CO₂ generated in the process from natural gas mining to combustion is offset by CO₂ credits. By switching to carbon neutral city gas, the 10 companies will contribute to a total reduction of approximately 80,000 tons of CO₂.

Through the construction of a clean energy system, the company will continue to contribute to the realization of a sustainable society and the further development of the Chubu region together with our customers.
