

Toho Gas Group Sustainability Policy

The Toho Gas Group Sustainability Policy defines our approach to achieving Group sustainability. Through business activities, including the stable supply of environmentally friendly energy, the Group will contribute to the realization of a sustainable society alongside our stakeholders.

We contribute to a better future through the optimal provision of diverse kinds of energy and the creation of new value for lives and businesses, thus promoting development alongside the region.

We contribute to the reduction of environmental impact, including the reduction of greenhouse gas emissions.

We promote business activities with respect for human rights and strive to prevent and mitigate adverse human rights impacts.

By enhancing a comfortable working environment that respects health and safety, and by fostering challenges and actions, we stimulate the growth of our organization and human resources.

We strive to enhance systems for conducting our business properly and efficiently and promote business activities with integrity, in compliance with laws and the spirit of the law.
